Chestnut Tree House children's hospice cares about making every *Now* count

Chestnut Tree House cares for around 300 children with life-shortening conditions across Sussex and South East Hampshire, all of whom are unlikely to reach adulthood.

From providing a few hours respite from the round-the-clock responsibilities of caring for a sick child to supporting families through some of their toughest moments, Chestnut Tree House provides care at their purpose-built hospice near Arundel and in families' own homes across the county.

It costs over £3.9 million every year to provide these specialist care services and less than 6% of that comes from central Government. All care is offered to families free of charge, so Chestnut Tree House relies heavily on the generosity of the local community.

Visit www.chestnut-tree-house.org.uk to find out how you can make a difference. For today. For tomorrow. For the Now.

By choosing Chesworths to help you find a home, you benefit from an agent that listens to what you need, has impressive knowledge of the region, and presents you with properties that fit your lifestyle and budget.

Hero PA

Morgan Boulton Director - www.hero-pa.co.uk 01403 457247

Hero PA is a Horsham-based telephone answering service consisting of a dedicated, close knit team.

Unlike a regular telephone answering service, we get to know your callers, take the time to learn about your business and use this to build business relationships that last.

Our main point of differentiation, is that we are a bespoke service.

This means that we can tailor our service to your business needs, rather than a 'one size fits all' approach.

Telephone answering is an affordable and flexible alternative to employing in-house staff. Outsourcing to Hero PA gives you access to a team who can assist with handling your calls, exactly as if we are based in your office or reception.

We go beyond 'message taking' & prioritise high quality customer service above all else.
